

Press Release

CHICAGO, Illinois – October 16, 2009 – Digital Currency Systems today announced that it has expanded their partnership with Coinstar E-Payment Services, a subsidiary of Coinstar, Inc. (NASDAQ: CSTR), a leading provider of Prepaid Point of Sale Products.

Through their partnership, Digital Currency Systems and Coinstar have offered retail clients a robust set of national and regional prepaid wireless products, and long distance cards. This turnkey solution has helped to increase traffic and revenue for business owners. Now added to this solution are Financial Services including the Green Dot® Network of prepaid reloadable MasterCard® & Visa Cards® and the NetSpend® Network of prepaid reloadable All-Access Visa Cards®.

Todd Gagerman, President of Digital Currency Systems, had this to say: “We are excited about our expanded relationship with Coinstar. This addition will aid our clients in growing their business with the convenience and benefits of a streamlined product. If they already sell Coinstar products or use the Bill Payment (BPS) System, they have the ability to offer financial products to their customers. Activation is fast, easy, and still **ZERO COST** to the business owner until a sale is made.”

Michael Herold, Vice President of National Accounts for Coinstar E-Payment Services, stated: “We have always been committed to offering quality services and products to our customers. With our integrated solution through Digital Currency Systems, business owners are able take advantage of additional commissions while providing excellent products and services to their customers.”

ABOUT DIGITAL CURRENCY SYSTEMS

Founded in 1986, Digital Currency Systems offers Money Service Businesses a turnkey experience from sales, to hardware, to installation, to service and continued support. Due to product and service excellence, DCS has grown to become one of the industry’s leaders in check cashing systems. DCS products range from a complete POS system to individual modules that allow the MSB to serve their customers with ease.

ABOUT COINSTAR E-PAYMENT SERVICES

Coinstar E-Payment Services, is a subsidiary of Coinstar, Inc. (NASDAQ: CSTR) a multi-national company, and a leader in prepaid products. Coinstar E-Payment Services offers an extensive variety of prepaid products designed to assist in increasing traffic, as well as revenues for retail stores.
